

2006 Horse Council BC Membership

More than just insurance!

Horse Council BC realizes that our organization is **the best** solely because of the support we receive from our membership. We believe strongly in preserving our right to ride - be it on the trail or at home in our backyards. We are actively involved in lobbying for improved safety on the roads, enhanced tax concessions for breeders and ensuring better relations with the ferries and border personal. We strive to provide affordable educational opportunities for each and every member with the introduction of our on-line courses and "live" seminars.

Horse Council BC is a strong advocate of the recreational rider and driver. Volunteers, representing our 20,000 members, sit on town planning councils, agricultural committees, trail development groups and park commissions. Horse Council's active abuse policy is aimed towards eliminating illegal drugs, destructive training methods and cruelty to the horse at competitions guaranteeing a fair playing field for everyone. Horse Council provides funding opportunities for our aspiring athletes as well as grant support for education activities for clubs and affiliates. We offer club support through our numerous programs in order to promote growth in the industry.

Thank you for becoming a member – your membership contributes to the success of our whole industry as your one voice becomes amplified into thousands of voices all supporting our right to own horses and ensuring your right to ride or drive on trails, at home or at public facilities.

The PPHJ will continue to be offered for "free" at feed stores and tack shops and the low subscription price of \$12.00 will guarantee delivery to your home address each month.
